Raman Rayes
President
Rayes Boiler
8252 Christiana Ave.
Skokie IL 60076

Dear Raman,

Recently, Nautilus Investments LLC has received one of the nation's very first Energy Star ratings for multifamily buildings from the United States Environmental Protection Agency for the 6731 S. Jeffery Blvd. project. We scored a 99 percent out of a possible 100 percent.

To this honor and achievement, **I owe much of the credit to Rayes Boiler.** Your superior boiler product has allowed us to realize over **60% energy savings per year.** I am continually amazed at how much that initial investment in your boiler has saved us over the years. You have made me look like a genius.

In addition, the install went without a hitch and service is always performed in a timely and professional manner. I know that I can pick up the phone and my needs will be serviced well.

I wholeheartedly recommend Rayes Boiler for all commercial and residential applications as your product is clearly above the rest in terms of efficiency and operation. For us, there is no better option.

Regards,
