April 18, 2016

To Whom It May Concern,

Rayes Boiler installed a brand new unit in one of our 24 unit rental properties. Raman and his team were very professional and finished the install on schedule. They have taken the time to regularly check in and make sure that the boiler has been working properly. They also very clearly and concisely went over the boiler and instructed the maintenance on how to properly operate the unit. The unit itself has been working well and without issue. I am confident that if any issue were to arise it will be taken care of promptly by professionals at Rayes Boilers. When a boiler at another property needs to be replaced, my first call will be to Raman.

Regards,

Steven Junkovic
