To Whom It May Concern,

April 19, 2016

I would like to start by thanking Rayes Boiler for their extraordinary new boilers installation and service.

Great experience from the start to the finish.

Rayes was contracted to install new steel steam boilers in 3 of our buildings: 5633 N. Kenmore Av, 5746 N. Kenmore Av and 4701 N. Beacon. Project was funded through CIC Community Investment Corporation energy loan and final work was inspected by Elevate Energy Co. Boilers achieved high efficiency ranging from 81-83% which resulted in savings of natural gas consumption in range of 29% to 35%.

Raman was very professional, knowledgeable and at the end very fair with the pricing. We went to the bidding process with 4 other companies but at the end project was awarded to Rayes Boiler.

Thank you so much and I would recommend Rayes Boiler to anybody that asks me. I can be reached at 847-501-0686 and you are welcome to visit and check any of the location that new boiler was installed.

Sincerely,

Dino Mustafic

Director of Operations, CH Ventures, LLC
